We wanted to take a moment to update you on the steps we have already taken and continue to plan for in relation to Coronavirus (Covid-19).

These are exceptional times and we would like to assure you that our team is working hard to maintain the wellbeing of all staff and customers at this time. We have heightened all our internal and external health and safety procedures and increased the frequency of cleaning as a preventative measure.

Currently it is business as normal here, however, if our engineers need to visit your site for any reason you will be asked to confirm your staff are not displaying any symptoms of Coronavirus.

The technicians will also be taking extra steps to clean the equipment and the area its located, they'll also request social distancing where necessary whilst they work.

We ask all our customers to respect the actions and personal welfare of our technicians and trust our customers all have similarly high health & safety and hygiene standards.

We continue to follow and implement the latest Government guidance including NHS England's guidelines on Covid-19 which can be found:

<https://www.gov.uk/government/topical-events/coronavirus-covid-19-uk-government-response>

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

Thank you for your understanding during this challenging time for all of us, if you have any questions regarding our current Coronavirus policies please feel free to contact us.

Kind regards

John Groulef
